Vol. V No. 9

Dear Heritage Customer,

As the year draws to a close and the Holiday Season is upon us, we at Heritage would like to thank all who made this a very successful and rewarding year.

The winter months bring increased activity, with many fine shows and auctions scheduled, giving us the opportunity to meet with many of you. The market remains strong and steady, especially U.S. gold, with quality material becoming increasingly elusive.

As always, we have many choice coins for you to choose from in this update. Please take the time to browse over the current quality selections, there is certainly something of interest for everyone. If you are looking for anything in particular, please call and we will do our best to locate it for you.

If considering coins as part of a retirement plan, Attorney C. Christy Barton has written some valuable advice pertaining to collectables in qualified retirement plans. If you would find this information useful, please write or call for a complimentary copy.

Sincerely,

Tim LaPointe

OUR GUARANTEE

All coins purchased from Heritage Rare Coin Galleries are covered by an unconditional 45 day return privilege, one of the longest in the industry.

It is also guaranteed that all coins sold are genuine. As proof of our certainty that no counterfeit or altered coin can escape our attention, it is also guaranteed that we will refund the full Heritage purchase price plus 15% interest per year compounded annually on any non-authentic coin sold through Heritage Rare Coin Galleries. If you request auction for liquidation, Heritage Numismatic Auctions, Inc., after acceptance, will catalog your coins at the same grade which you purchased them.

Each and every coin sold by Heritage Rare Coin Galleries is graded on both the obverse and reverse, according to the standards set forth in the American Numismatic Association Grading Guide. It should be understood, however, that grading is an art and not a science, and that the American Numismatic Association standards, as published, are somewhat vague and subject to interpretation. Because of this, opinions on grading as well as value, can, and often do, differ between experts as well as grading services. The purchaser is therefore encouraged to carefully inspect and evaluate all coins during this 45 day period.

A WORD ABOUT PRICING AND NEGOTIATION

For the past several years, we have mentioned the fact that our prices are negotiable. This simply means that while our listed prices are based on C.D.N. Bid, they are not absolutely fixed, and we will discuss reasonable counter-offers. You may then wonder that if we will sell some of our coins at, or under bid, they may not be properly graded.

This is not the case. The realities of the coin market are that a great many choice and gem coins do not always sell at full MS-65 Bid prices. Our high volume and extensive European buying network often allows us to buy coins in quantity, at somewhat reduced levels. Rather than sell these at full Bid or above, we seek to deliver a fair value at a price based on the coin's worth in the open market.

If you have further questions concerning our pricing policy, please do not hesitate to contact your numismatic representative.
